

Weekly Report

04/11/2016 - 04/17/2016

Jing XIA

April 17, 2016

1 Summary

This week I mainly focus on the survey project, then the NBA project.

2 Projects

2.1 Visual Analytics Survey

I am responsible of the knowledge section in the visual analytics survey. I surveyed six knowledge generation pipelines and discussed the induction and deduction thinking methods behind.

2.2 The NBA Project

I added the video function this week. It plays a video at a given time point. More controls need to be added. I also made a schedule for the project. However, due to the deadline of the survey paper, this plan is behind schedule. I will make it up next week.

3 To Do List

- a. Write the NBA project paper.
- b. Prepare and practice the presentation and demo for Prof. Andrieko's visit.
